The Greatest School on Earth

Dear Parkway Parents:

First, I want to thank you for coming by the school yesterday and today to obtain your child’s learning materials and technology, which they will be using during our school closure. Every single child in our school had materials picked up by 3:00pm on Tuesday. You are impressive!

Daily Message from Parkway

To stay connected to our students, each day, we will post a brief pre-recorded video message for our students to view. It will be posted to both Facebook and Twitter as well as our school’s webpage so please share the videos with your kiddos.

Daily Distance Learning Schedule

I realize this is a time of uncertainty for our children and it is important we provide as much structure to our days as is realistically possible. Many of you will likely be working from home while also trying to assist your children in accessing their Google Classrooms. The Parkway staff has worked hard to plan engaging video lessons, presentations, and assign meaningful activities all of which students will partake in between the hours of **9:00am - 11:00am**. Each day, students in Grades 1-4, will work on two different content areas and engage in activities for one Specials area. Reading Specialists, Basic Skills Math teachers, and ESL teachers will continue to check in with students and may assign practice activities to support classroom instruction. The afternoons will be available for parents to consult with other support personnel as needed.

If possible, I highly recommend logging in before tomorrow to have students join any Google Classrooms they have been invited to. Please review the attached Distance Learning Instructional schedule and ensure your child is in the correct classroom at 9:00am- this is especially important for 4th grade math students.

Tomorrow will be an exciting day as students virtually reconnect with their teachers and their peers. If you have any questions at all for me or your child’s teacher, reach out anytime. We are here to make this process as smooth as possible for you and your children.

Happy Distance Learning!

Mrs. Chang
